

Miss Ziemba's 4th Grade Newsletter

Week of November 12th, 2019

I hope you had a great long weekend. This week we will continue learning about two digit by two digit multiplication. Please review and practice multiplication facts with your child nightly. We will be reading *Spiders* this week. As we read, we will focus on the comprehension skill of main idea and key details and the strategy of summarizing. In Science, we will be learning about electricity and circuits. In Social Studies we will continue our unit on Native Americans.

Please check our classroom website. You can access it through the Mechanicville website or using the link below. As a reminder, the best way to reach me is via email, a note or the Remind app. Have a great week!
