

Miss Ziemba's 4th Grade Newsletter

Week of October 7th, 2019

I hope you had an enjoyable weekend. This week we will be finishing our unit on place value. Please review and practice multiplication facts with your child nightly. We will be reading *A Crash Course in Forces and Motion with Max Axiom*. As we read, we will focus on the comprehension skill of cause and effect and the strategy of re-reading. There will be vocabulary and spelling tests on Friday.

In Science, we will learn about heating and cooling matter. In Social Studies we finished our unit on geography. We will be completing a study guide for our geography test on Tuesday. The geography test will be on Thursday, October 17.

Please check our classroom website. The link is written below. You can also access it through the Mechanicville website. As a reminder, the best way to reach me is via email, a note or the Remind app. Have a great week!
