

Miss Ziemba's 4th Grade Newsletter

September 30th, 2019

I hope you had a fantastic weekend! This week, we will begin continue our unit on place value and focus on rounding. Please review and practice multiplication facts with your child nightly. We will be reading *Earthquakes* this week. As we read, we will focus on the comprehension skill of comparing and contrasting and the strategy of rereading. There will be vocabulary and spelling tests on Friday. In Science, we will be learning about the properties of matter.

Please check our classroom website. The link is written below. You can also access it through the Mechanicville website. If you have any questions or concerns the best ways to get in contact with me are through an email, Remind or sending a note in with your student. Have a great week!
